Pune, India | shreeshchary@gmail.com | shreesh.chary@daiadvisory.in

Research Interests

Primary: International Trade, Firm Productivity, Knowledge Spillovers and Absorption
Secondary: Development Economics, Applied Econometrics, Causal Inference

Education

The University of Nottingham, Nottingham, UK — September 2023 – September 2024
M.Sc Development Economics — Distinction (75.8%, ranked 4th of 106)
Supervisor: Professor Facundo Albornoz Crespo

- Coursework: Econometric Theory, Applied Microeconometrics, International Trade Theory, Microeconomic Theory, Macroeconomic Theory
- Dissertation: "Heterogeneity and Non-Linearities in International R&D Spillovers: Evidence from 23 OECD Countries" (Joint top-scorer)

Symbiosis School of Economics, Pune, India — August 2020 – June 2023
B.Sc (Hons.) Economics — CGPA: 8.23/10

- Quantitative Coursework: Linear Algebra, Calculus, Matrix Algebra, Differential Equations, Proof-Based Mathematics, Optimal Control, Mathematical Economics I and II
- Relevant Coursework: Statistics for Economics I and II, Introductory and Intermediate Econometrics, Development Economics

Achievements and Awards

- Top Ranked M.Sc Development Economics Student, University of Nottingham — December 2024
- Joint Top-Scorer, Master's Dissertation, University of Nottingham — December 2024
- Best Student Researcher of the Year, Symbiosis School of Economics — January 2024
- Batch Top Scorer, Semester 5, Symbiosis School of Economics — December 2022

Publications and Working Papers

Peer-Reviewed: "The Nexus Between Arms Imports, Military Expenditures and Economic Growth of the Top Arms Importers in the World: A Pooled Mean Group Approach." *Journal of Economic Studies* (2023).
Working Paper: "Heterogeneity and Non-Linearities in International R&D Spillovers: Evidence from 23 OECD Countries" (2024/25). Revised and extended from M.Sc dissertation, University of Nottingham. [PDF]

Research Experience

DIA Evidence Impact, Chennai/Pune, India — October 2024 – Present
Research Associate

Personal Initiative & Skill Development Project (World Bank-SARGIL / Vazhndhu Kattuvom) — January 2025 – March 2026
PIs: Sofia Amaral, Raisa Sherif, Shirleen Manzur

- Implemented Double/Debiased Machine Learning following Chernozhukov et al. (2018) to estimate heterogeneous treatment effects on profits and sales across baseline characteristics for a panel of 2,500 rural entrepreneurs in Tamil Nadu
- Built reusable Stata cleaning pipelines and constructed analysis-ready panel datasets across three survey rounds
- Supported survey design, field logistics, and data collection; produced weekly data reports for the project team and funder

Entrepreneurial Mindset Development Programme (EMDP) — May 2026 – Present
PIs: Sofia Amaral, Ritam Chaurey, Samreen Malik

- Implemented the Kwon and Roth (2026) mechanism testing framework to assess whether a proposed channel genuinely mediated the programme's effect on outcomes; produced regression tables, figures, and compiled outputs in LaTeX/Overleaf

World Bank Umbrella Facility for Gender Equality (UFGE) — October 2025 – Present
PIs: Sofia Amaral, Ritam Chaurey, Anusha Guha, Samreen Malik, Diego Ubfal

- Contributed to the design of a World Bank UFGE research project through preparation of the concept note, external briefing materials, and a funding application submitted to STEG
- Benchmarked the project sample against Udyam and GeM administrative data to assess sample coverage and representativeness

Debiasing Police Officers in Bihar — July 2026 – Present
PI: Sofia Amaral (World Bank)

- Supported regression estimation, event study design, figure production, and data preparation in Stata; compiled outputs in LaTeX/Overleaf

Skills

Technical Skills: Stata, R, LaTeX/Overleaf, Git/GitHub, SurveyCTO
Languages: English (Fluent), Hindi (Native), Tamil (Native-Spoken)
